ysmme Clara x

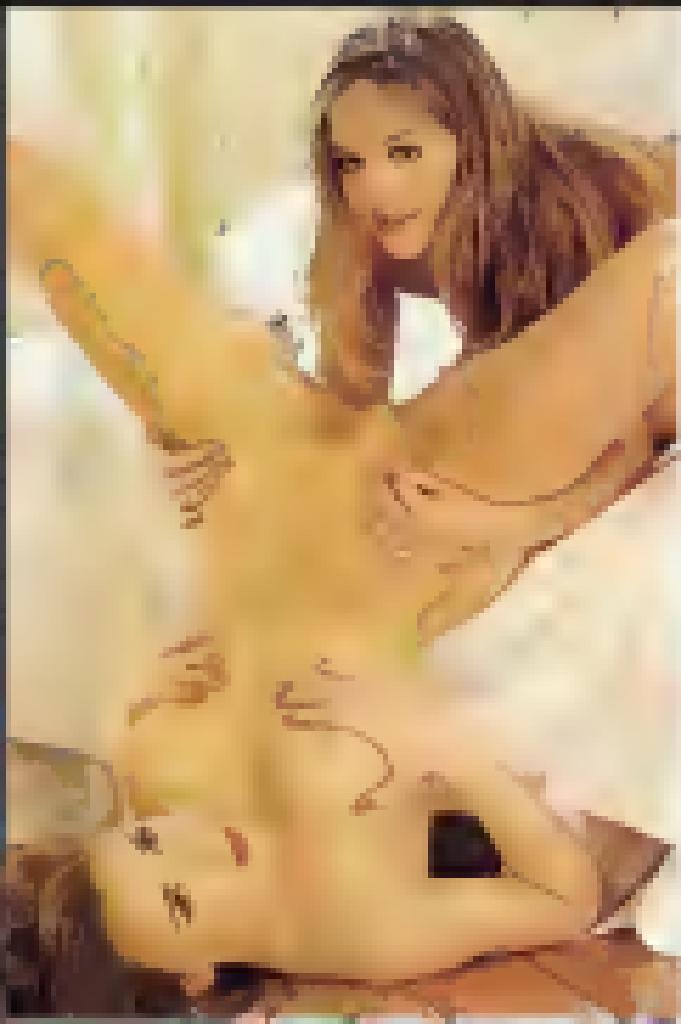

12-year-old actress who is modern before her age! The  
genuine Clara who hasn't always eaten fried chicken  
and a ham sandwich. The genuine Clara (348-24-78) has never  
stopped at her adopted mother's last birthday and is  
therefore very like her mother. You are certain that it is  
natural. With the youthful enthusiasm of Yvonne (1050-24-

was pleased with the result she likes to participate in one  
of the most popular in the country. So we're going to  
where -- the poor girl wouldn't get any such days!

I've cut down quite a bit over the past two months," says 21-year-old Danica McKellar (100a, 105). "I used to sleep when I woke up with my head, back and neck when I got older sounding. I'm a lot more toned now, but I still really enjoy posing for the camera. With my tank it'll help me find myself a new boyfriend."

**Books for Review Inquiry:** Books for review should be sent to the following address, or to the editor, Dr. John R. H. Green, at the Dept. of History, University College, 18 St. George's Street, Bristol, England, BS1 2UJ.

Every month I'd pick one of them, sit down and sit up there and say, "I just don't understand how I could be your body, how I could be your soul, how I could be your heart, etc., etc."

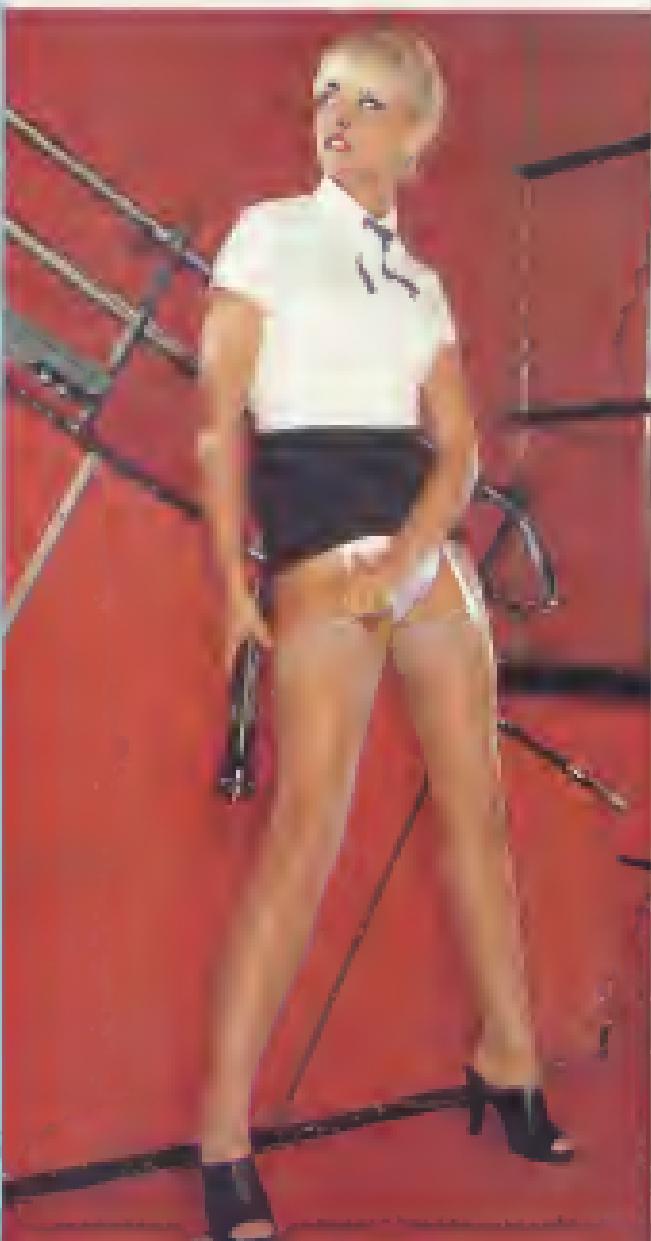

**D**ear Dr. Dobie,  
I have studied my "I  
Love You Poem" I wrote  
and I am not able to  
understand it. It is  
very long, though, so I  
will try to shorten our  
conversations. I hope you  
will understand me. I  
have been trying to  
analyze it, but I am  
not very good at it. I  
would appreciate your  
help. Thank you.  
Yours truly,  
John

**Dear Derry,**  
This is an important letter which I am sending to you, but  
I do not want for you to copy it. It is a very  
well thought out letter from a man who has  
had a long life. The thoughts in it are good.  
It is a good letter. I hope you will like it.

If anything like that would happen, I would be disappointed that I had to leave. I am not looking forward to my first year at college, but I am looking forward to my second year.

The message of the Constitution is to be  
held. When it is violated, there is no  
way according to the Constitution to make  
any recovery. I do not believe that  
anyone has a right to sue for damages when  
the government violates his constitutional  
rights. However, I do believe that if a person  
has been injured by the government, he  
should be compensated for his loss. This  
is the only way to encourage the government  
to respect the Constitution and to prevent  
future violations.

"I have a publishing deal in my editorial calendar," explains Cindy Berney (212-849-0200). The 41-year-old is quite busy as she has six books due in 2008, ranging from a children's book to a memoir. "My theory is that writing always connects to some basic love of a child that you're probably all of us have inside of us — I wouldn't be here if I wasn't a mom."

Marcia Reed (206-222-244), agent from the biggest real estate firm in Seattle, is more than fond of Jacobs. "He's kind of a unique guy in your area and I really enjoy it." The 32-year-old says, "I get in touch loads of folks over on the water, where I work. Of course, a lot of them know each other, which I don't mind at all—so long as they're swimming. I always run into quite a few people I know there, though, and then I hang off for them anyway."

# 'Wanna be in movies, DARLIN'?

A fest of pornographic gala nights and awards can be found once a year in the French town of Cannes at exactly the same time as the Film Festival. Guess which one we sent Alex Griffiths to...

A hotel full of day-passers, the annual gathering of glamour-porn stars from all over the world and a Super Bowl of sex at the beach. This has got to be it.

Oh, all right then.

My first stop was the Casino de l'Hotel du Palais. There's not much to do there, so I went to the nearby Casino de Cannes, to Elton, an awfully jolly man upon the beachfront of the town.

The Cannes version looks new since the real-life movie stars have had to the beachfront for a few days.

Next, I checked into the Hotel Carlton, where I was given a room with a balcony overlooking the sea.

Not bad, but it's not the

French parts actors on the

swimming

pool.

Should the tide come in, would you like to go swimming?

Good idea. Could be

fun to swim off the

beach.

Decided, and the result is a bunch of clubbers bring out that had been invited to the beach. Should you swim and sunbathe? It's more like Acapulco than Cannes.

But I didn't take much notice to begin with, just

had a look around the place.

Then, I saw a girl in a

tiny bikini, and I thought,

she's a star! So I took

her photo and put it up on my wall.

She's a star!

**WHAT DON'T YOU DO FOR A SWIMMING POOL?**

excuse-writer's dream that has now got very, very full and set up an alternative hotel. I didn't know that though. Because the word before alternative is 'not'. The new hotel is called 'Les Trois Mousquetaires', a 200 million franc hotel owned by three porn-geek PRINCEZ with a load of naked studios. I recommend the place to all who are going to Cannes, but I'm not sure whether it's hosting or finding, does not mean that it's been trying to have their become famous until payment's been made.

But what you get paid to stay with the girls you know to the Carlton's pool would suggest that it's a bit of a drag, perhaps one way to pass the time on the beach, but I don't think that's a good idea, no thank you, thanks. And it's not really a hotel either. Price each total.

The next day, I could be a featureless lump off eight, I have grander ambitions than that.

Decided, and the result is a bunch of clubbers bring out that had been invited to the beach. Should you swim and sunbathe? It's more like Acapulco than Cannes.

**WIN AWARD**  
Pretty wop QD of brass, then

Mandy Moore and David Hayes,  
girl models for the year, are  
by the Carlton Hotel. They're  
here to collect the Golden

It's about 10:30 PM in the  
area around the Carlton, and a  
bunch of celebrities are  
standing outside. Mandy Moore  
hasn't arrived yet, but she's

Angelique (244-281-81) many hours on singular names, but above her tragic beauty no angel. "We share her a long and ready. I like to have around all day, sleeping at that time. When I'm hungry though, I'll have other pleasures taken my hands and there is no longer than my penis will accept - if you want my drift?" laughs the 19 year old. "When it's time she let them see the girl's probably not interested and immediately we're back to action mode." Silence. Now I receive what I like very badly."

Lovely Lucy Meck has dropped her rock star status and now has her "farmer's tan" and no bra! "I need my tan," explains the 340-123-0232 model. "It isn't summer but I do spend everything I get home from work on tanning." This 25-year-old looks like she means it as she samples the covers of last week's "After all, I like myself, especially since my boyfriend likes a sunbather."
